

R1, R2, R3: 10K Ohm (Brown, Black, Orange, Gold)

R6: 270 Ohm (Red, Violet, Brown, Gold)

R10, R12: 1K Ohm (Brown, Black, Red, Gold)

LED1, LED2, LED3:
Long leads are "+"

C3, C6: 100uF

C5: 1uF

Long leads are "+"

To connect the speaker:
use 2 clipped leads
from an LED

U1 & U2: Note orientation of these chips!!
(half circle is on the left)

Half circle is also on the left for the socket for U1
