

Thick

A 4-voice unison synth employing pre-figured saw-tooth oscillators.

How to use:

- 1) Press the keys on the keyboard to play notes
- 2) Tap left button to lower keyboard by 1 octave
- 3) Tap right button to raise keyboard by 1 octave
- 4) Press the left button to use a unison tuning
- 5) Press the right button to use a spread tuning with 5ths and octaves.
- 6) **Bottom pot** controls portamento speed (clockwise for lower speed, all the way counter-clockwise is portamento off)
- 7) **Top pot** graduates the portamento speed of each voice so that they run at different rates (clockwise for greater divergence, all the way counter-clockwise for no difference in speeds)

Types of button presses:

Tap: quickly tap a button
Press: long-press a button
